**Additional technical information/Zusätzliche technische Informationen**

To choose the right leash for your dog please bear in mind also temperament and obedience of your dog. If your dog is high temperament please add 35% to recommended dog weight. It means, if it is more than recommended contact us to find solution with adequate hardware!

Um die richtige Leine für Ihren Hund zu wählen, beachten Sie bitte auch das Temperament und den Gehorsam Ihres Hundes. Wenn Ihr Hund ein hohes Temperament hat, fügen Sie bitte 35% zum empfohlenen Gewicht hinzu. Es bedeutet, wenn es mehr als empfohlen ist, kontaktieren Sie uns, um eine Lösung mit angemessener Hardware zu finden!

Wash gently, separately from other colours and **keep the fittings off the chemicals** like washing powder for example!!!

Vorsichtig waschen, getrennt von anderen Farben und **die Beschläge ausser den Chemikalien wie z. B. Waschpulver zu halten!!!**

Either on leashes or collars, the fittings may leave a darker imprint on the straps more visible especially on lighter straps, which is not a subject to make claim!

Entweder auf der Leinen oder Halsbänder, können die Beschläge eine dunklere Aufdruck auf den Gurten lassen, die vor allem auf der blässeren Gurten mehr sichtbar sind - diese wird nicht wie Reklamation akzeptiert!

The chrome,nickel-plated fittings are not dedicated for using in extreme conditions like by the sea (salty environment). Under such conditions, use solid brass fittings!

Die verchromte/vernickelte Beschläge sind nicht für die Verwendung unter extremen Bedingungen wie am Meer (salzhaltige Umgebung) gewidmet. Unter solchen Bedingungen, verwenden Sie die Messingbeschläge!
